## ABOUT HONOUR SINGAPORE

Honour Singapore is a citizen-led, non-profit organisation that seeks to promote a culture of Honour and honourable behaviour for the continuing peace, progress and prosperity of Singapore.

We believe Honour is reflected not only in big decisions, but in the everyday choices we make, how we treat others and how we uphold our responsibilities.

For young people, stories can be a powerful way to explore these values and consider what Honour means in their own lives.

## THE HONOUR FILM INITIATIVE

The Honour Film Initiative harnesses the power of storytelling to bring values to life.

We support young and emerging filmmakers to create authentic, purposeful stories that explore **integrity, resilience, respect, compassion, thrift and hard work** through situations and people that audiences can relate to.

From fictional short films to real-life documentaries, Honour Films provide a powerful starting point for conversations about the choices we make, how we treat others and the kind of society we want to build.

For young people especially, the films create space to:

**WATCH → REFLECT → DISCUSS → APPLY**

With more than **13 million views online**, Honour films continue to reach audiences and spark conversations on what it means to be honourable.

Featuring 4 to 5 specially selected Honour films, each **Learning Journey** combines powerful storytelling with guided reflection, meaningful discussion and facilitated activities led by experienced trainers.

Students are encouraged to reflect on the choices they make, explore what Honour means to them, and discover how values can be put into practice in their everyday lives.
